Surface low voltage (24V) profile with a sleek, streamlined design to create a visual-flush solution for walls and ceilings. Zero Track combines the easy application of a surface structure with the sleek elegance of a flush installation.

Sistema de perfilera de bajo voltaje (24V) y de implementación en superficie que, gracias a su miniaturización y sencillez geométrica, genera el efecto visual de estar enrasado en el techo / pared. Zero Track aúna la facilidad de aplicación de una estructura superficial con la elegancia estética de una instalación empotrada.

## ZERO TRACK

2. Linear Conector Feed
3. Staight Connector
4. X Connector Feed
5. 90° Corner Feed
6. T Connector Feed
7. Power Supply Surface End
8. Power Supply Surface Middle
9. Inner Corner
10. Live End Feed

Perfect integration with the Zero Track architecture also enables considerable versatility with tracks and lines with T, X and L joints, plus interior angles for ceiling-wall and wall-wall plane variations.

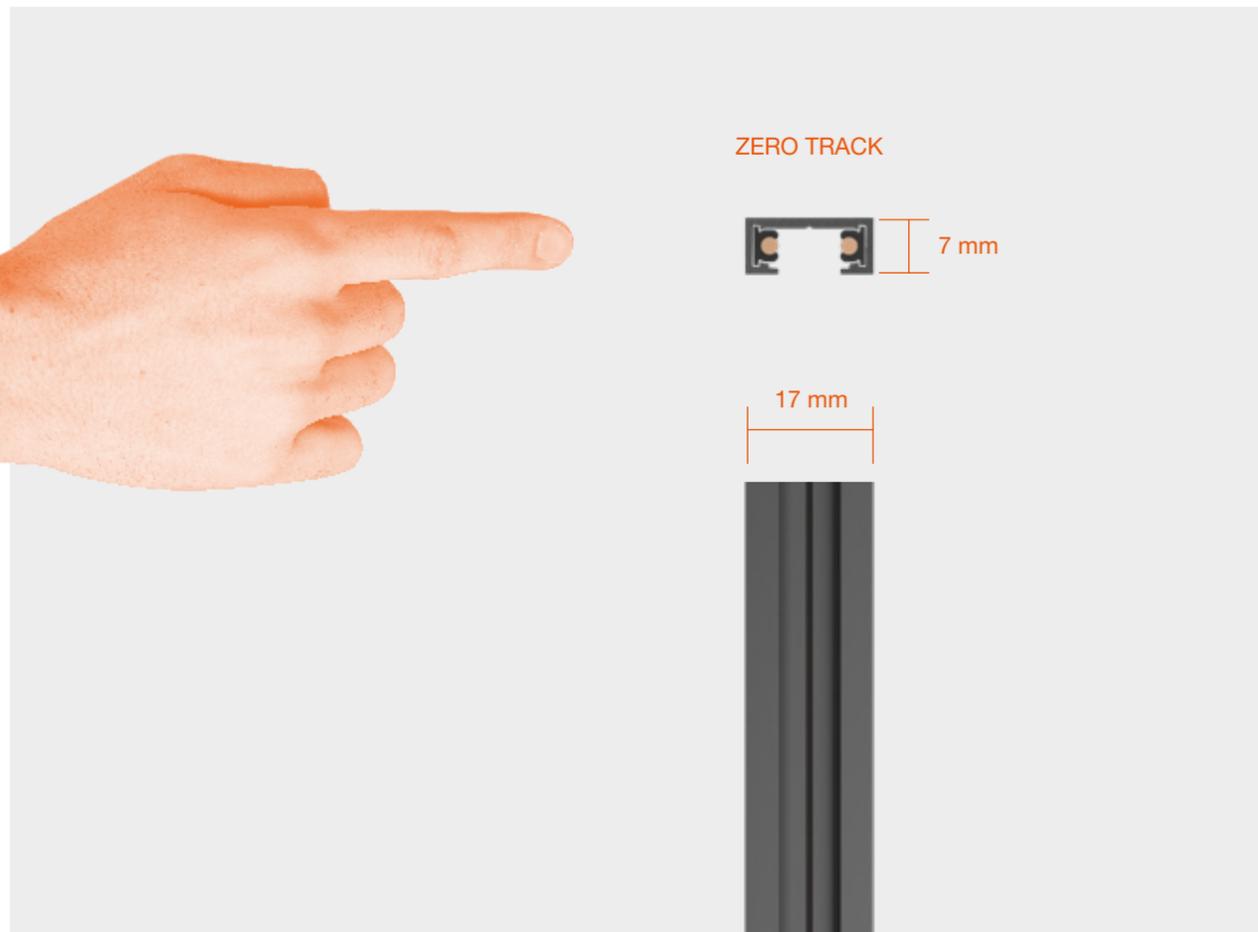

La perfecta integración con la arquitectura que logra Zero Track permite además una gran versatilidad de recorridos y trazos con sus uniones en forma T, X, L y esquinas interiores diédricas para cambios de plano techo-pared, pared-pared y viceversa.

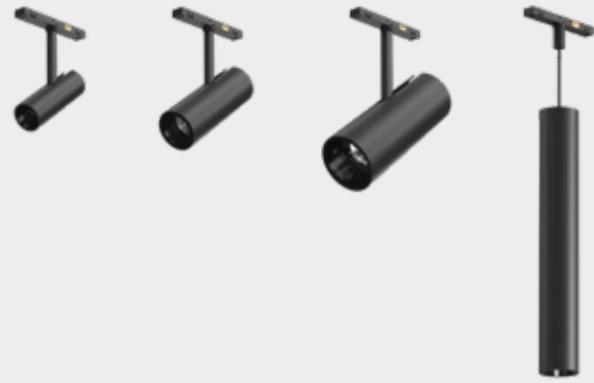

The dimensions of Zero Track ensure that visually its three-dimensionality is almost not perceived at the normal distance at which this type of product is installed. The Zero Track solution therefore looks like a trimless profile.

Las dimensiones de Zero Track permiten que, visualmente, su tridimensionalidad casi no se aprecie a la distancia normal de observación a la que se instala esta tipología de producto. Así, Zero Track es -estéticamente- un perfil de apariencia trimless.

## FIND ME

The Zero Track luminaire range includes the Find Me spots designed by Jorge Herrera. This innovative design embraces three different sizes, including the new Find Me 0, which brings the minimal designs of the successful Find Me collection.

La gama de luminarias Zero Track incluye los spots Find Me, diseñados por Jorge Herrera. Este innovador diseño abarca tres tamaños diferentes, incluyendo el nuevo Find Me 0, el cual brinda los diseños más minimalistas de la exitosa colección Find Me.

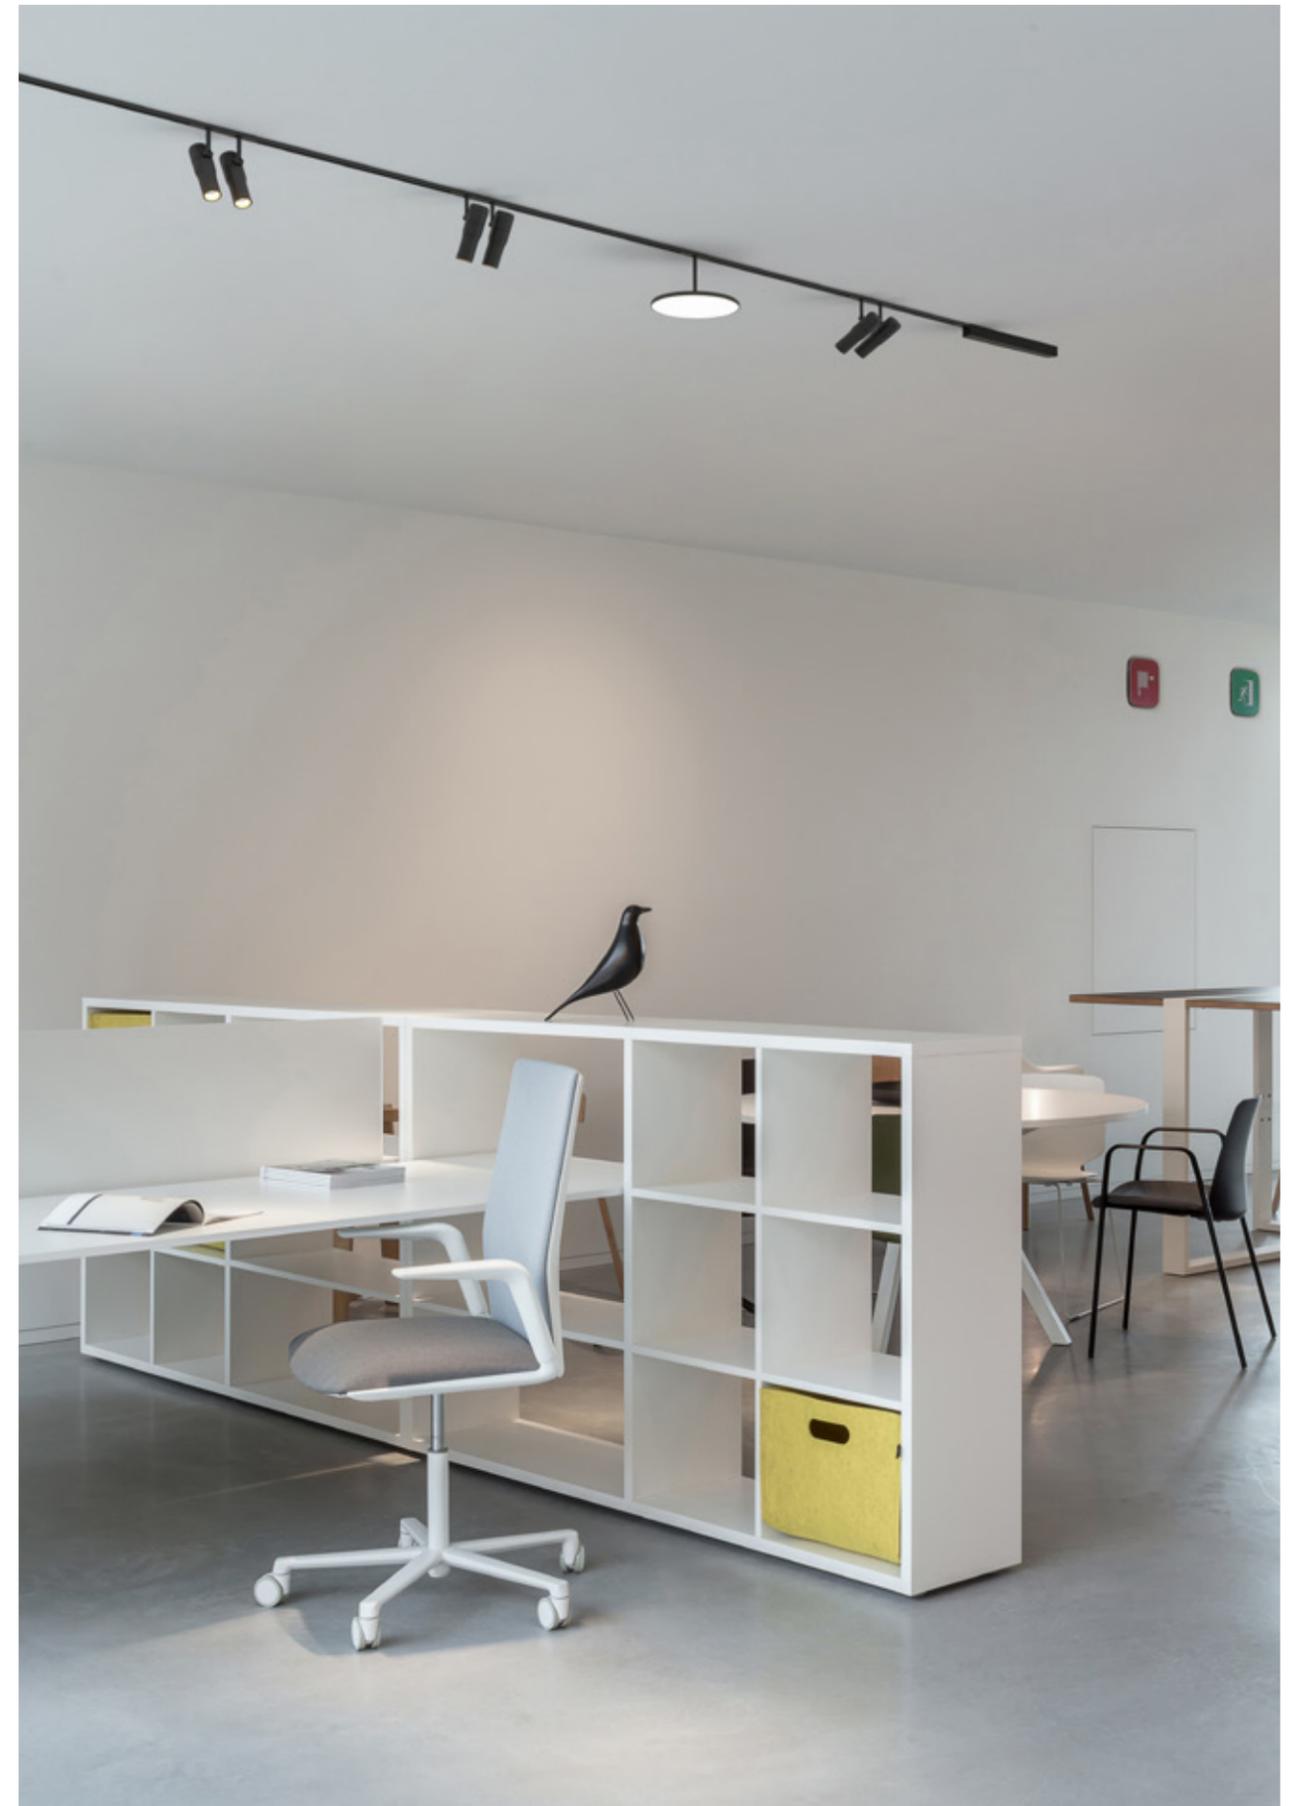

## ATOM

With the exquisite design touch of Piero Lissoni, the Zero Track system offers Atom: a series of spotlights in three different sizes, perfect for an accent lighting.

The Zero Track system provides the highest comfort level thanks to the deep position of the optic and the screening accessories included with each spot, completed by a round shape luminaire for a general lighting.

Con el excelente toque de diseño de Piero Lissoni, el sistema Zero Track ofrece Atom: una serie de focos en tres tamaños diferentes, perfectos para una iluminación de acento. El sistema Zero Track proporciona el máximo nivel de confort gracias a la posición profunda de la óptica y a los accesorios de apantallamiento incluidos en cada spot, completados por una luminaria de forma redonda para una iluminación más general.

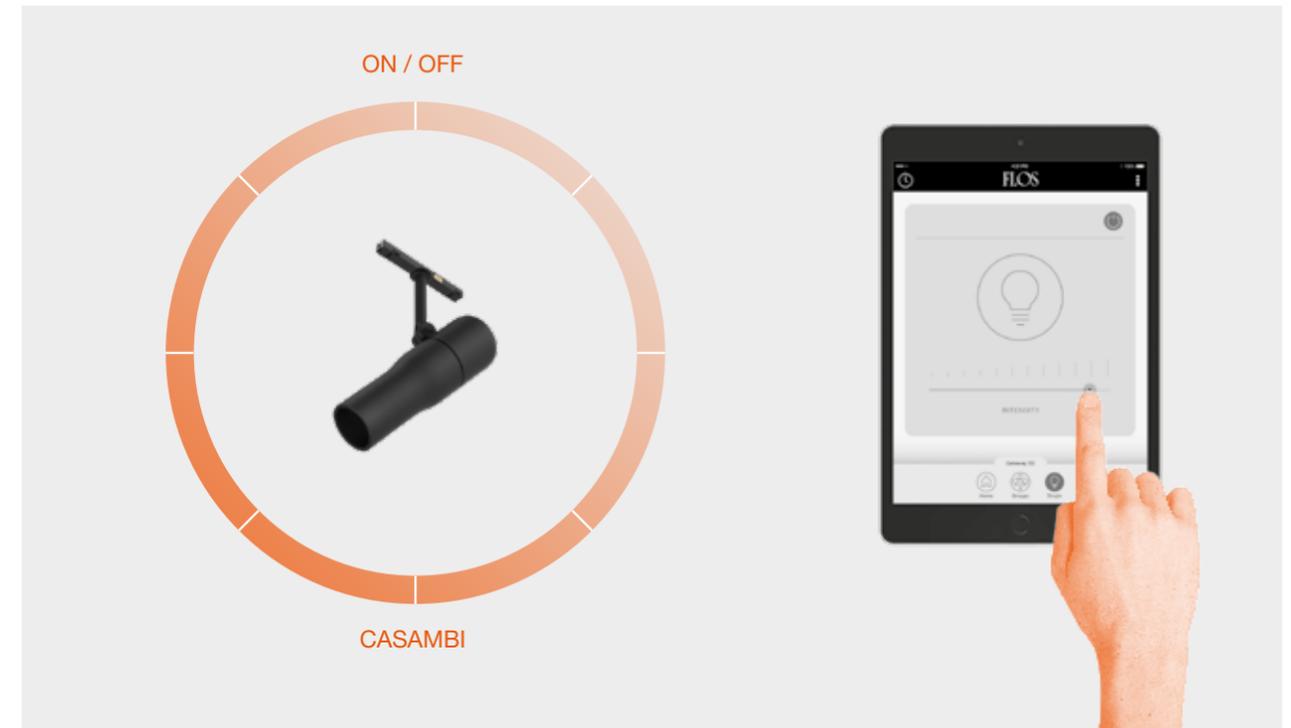

Different control options that can be adapted to any need.
